*It gives me immense pleasure in congratulating the entire school fraternity of Delhi Public School Jodhpur on completing 25 glorious years of being a premier institution imparting holistic education to the children of Jodhpur.*

*Delhi Public School Jodhpur has not only given remarkable results year on year setting a benchmark for fellow institutes, but has also ensured the students imbibe important life-lessons which will help them make a mark in the society when they are ready to spread their wings. The aim of school education should be to nurture the young minds, enabling them to identify their talents, whilst also remaining rooted to the culture and values of our country, which is a significant requisite in today's times.*

*I must compliment Shri B S Yadav Ji, Principal Delhi Public School, Jodhpur for bravely steering the school forward over these years, and displaying exemplary administration even during the most tumultuous times of the recent pandemic. It goes without saying that the school's success rests on the strong pillar of its "Brand Identity" provided by the administration and all the staff members. I take this opportunity to acknowledge the efforts of each one of them.*

*In its illustrious journey of 25 years, DPS Jodhpur has accomplished various milestones and rendered its service to society by adhering to 'Service Before Self'. I express my congratulations to the school on the publication of the 'The Silver Jubilee Memento' magazine and wish the entire school fraternity many more accolades and laurels in the years to come.*

*Heartiest congratulations for 25 years of successful journey towards excellence!*

*My association with Delhi Public School Jodhpur for all these years has been memorable.*

*In the words of our Former President Dr APJ Abdul Kalam – “A school is great because it has the capacity to teach all students to succeed.... A school is great, that generates alumni who cherish that they belong to this school... A school is great, that generates creativity among all students irrespective of which stream they belong to.” This is so true of Delhi Public School Jodhpur.*

*I strongly believe that its students are the building blocks of future, an invaluable treasure for the country. Through a variety of scholastic and co-scholastic activities, the school is working on the principle of imparting quality education to all its children. The collaborative endeavours of the team has brought out the best in students as regards their creative talents. Credits to be given to the team of the school that makes consistent efforts to give wings to the students to spread and fly in the azure sky, reaching heights and carving a niche for themselves in diverse fields all across the globe. Along with academics, DPS Jodhpur has also emerged as an important resource centre for character building and imparting values of honesty, integrity, commitment, initiative and self-reliance.*

On this momentous occasion, I thank the Almighty for showering all His blessings on DPS Jodhpur, illuminating every nook and corner of this temple of knowledge and wisdom. I also thank all the stakeholders – the conscientious school management, the committed parents & guardians, and the caring and concerned staff members, whose untiring and undeterred efforts have helped this institution grow and flourish incessantly. Ever since its noble inception in the year 1998, the school has grown strength by strength, infrastructurally as well as functionally, and has alchemized today as a premiere educational institution in the country. All through these years, realising the essence of its motto – SERVICE BEFORE SELF, the school has stood as a beacon, dispelling darkness and instilling in tender minds of the children a zeal to gain excellence in the field of their choice, holding on to the values of truth and honesty, love and compassion, sincere hard work adhering to the upliftment of the society, thus nurturing them into a perfect blend of modernity and ethnicity. Faith, knowledge and deeds have been the core of values of the school.

The need of the hour is to transform the children into responsible future leaders, adept with 21<sup>st</sup> century skills, by leveraging their intellectual and emotional capabilities, encouraging the free and spirited exchange of ideas to accept, respect and celebrate diversity. It is our collective endeavour to create a conducive environment for the holistic development of our students by promoting an inspirational, motivational, value-based academic and administrative environment. The alumni of our school are radiating their vibrancy of knowledge, skill and character in diverse fields all across the globe, be it defence forces, engineering, medical, law, entrepreneurship, sports or visual & performing arts, to name a few. *"What We Learn With Pleasure, We Never Forget"*

- Alfred Mercier

Aligning with this simple yet meaningful quote, my experiences have been wide and myriad. In this epoch making journey of 25 years I feel honoured and delighted to be a part of this celebration in the essence of education and learning to grow on the way. Delhi Public School has carved a coveted place in the landscape of school education in the city of Jodhpur. I, as a faculty, experienced a collaborative approach to take the vision of the school forward with sheer grit and determination. This commenced with reflections, conversational negotiations, repertoire of ideas, absorbing them to be explored, keeping tight to the vision and ethos of the school in a culture-rich city. Jodhpur offers a kaleidoscope of colour to its citizens. Endeavouring to accomplish the same through education, setting certain goals to go beyond the milestones, learning to integrate the 21st century skills in the students and the team of teachers, maintaining a perfect amalgamation of best practices, developing life skills, honing and imparting values, fostering sensitivity to meet possible challenges in the firmament of the world, have been some prominent achievements of my school, which give me the supreme sense of fulfilment.

However, there still remains a lot to be done in this dynamic landscape of education. The school has already prioritised the vision of quality education through experiential learning, accommodating the multiplicity and fluidity of options given to children at all levels of schooling, which is progressive and also in sync with the changing paradigms. Faculty capacity building programmes, student empowerment, health and well-being of staff, community outreach series and many other such activities adorn the portals of the school.

For all this needless to mention, your perseverance takes you to bigger roles and responsibilities and that is what my erudition (learning) is that the school bequeathes. And then holding tight to the vision of the school, there is no looking back but miles to go...

My humble and heartfelt congratulations to the Editorial Board (it feels great and nostalgic) for bringing out a rich souvenir, which is a perfect blend of legacies from the past and memories of the recent times. Illuminated by the grace of God, let us keep embarking on our dedicated efforts towards nation building and service to society.

विद्यालय के रजत जयंती वर्ष के उपलक्ष में मेरी तरफ से विद्यालय परिवार को हार्दिक शुभकामनाएँ। ईश्वर से प्रार्थना करती हूँ कि विद्यालय उत्तरोत्तर प्रगति एवं उन्नति के मार्ग पर अग्रसर रहे एवं विद्यार्थी श्रेष्ठ शिक्षा प्राप्त कर देश-विदेश में अपना परचम फहरायें।

01 अप्रैल 2000 में मुझे विद्यालय से जुड़ने का सुअवसर प्राप्त हुआ तब से ये सेवा यात्रा अनवरत जारी है। एक घटना का वर्णन इस समय करना चाहूँगी - सन् 2001 में जब हम विद्यालय के नवनिर्मित भवन में आने वाले थे तब किसी बुजुर्ग ने चिन्ता व्यक्त करते हुए कहा था कि विद्यालय शहर से बहुत दूर है, पाल बालाजी से भी 4-5 कि.मी. आगे, तो नये बच्चों की तो छोड़ो जो पढ़ रहे हैं वो आधे भी आ जाएँ तो गनीमत समझना। तब मैंने न जाने किस विश्वास से कहा था कि अच्छी शिक्षा पाने के लिए लोग अमेरिका तक जाते हैं तो हम तो पाल बालाजी से 4-5 कि.मी. दूर हैं, बस हमें बच्चों को अच्छी शिक्षा देने के लिए बहुत मेहनत करने की जरूरत है। मुझे इस बात की बेहद खुशी एवम् गर्व है कि जो सपने देखे गए थे वे अधिकांश सपने पूर्ण हुए। विद्यालय ने सभी क्षेत्रों में अभूतपूर्व सफलता पायी और न केवल जोधपुर, राजस्थान बल्कि सी.बी.एस.ई. के विद्यालयों में अपनी एक पहचान बनायी। विद्यालय ने इन 25 वर्षों में जो मुकाम हासिल किया है उसका श्रेय विद्यालय से जुड़े सभी लोगों को जाता है।

मेरे लिए व्यक्तिगत रूप से 23 वर्षों का समय बेहद सुखद एवं सन्तोषपूर्ण रहा है। विद्यार्थियों द्वारा दी जाने वाली खुशियाँ जीवन को उद्देश्यपरक एवं परिपूर्ण करने वाली रही। मेरा यह मानना है कि विद्यालय का विकास एक सतत् चलने वाली प्रक्रिया है अतः हम सब का यह कर्तव्य है कि अपनी संस्कृति से जुड़े रहकर नये संसाधनों को अपनाते हुए बच्चों के सर्वांगीण विकास का पुनीत कार्य करते रहें।

*The beautiful thing about learning is nobody can take it away from you.*

*When you set out to do something, just do it. It's important that you do it. There are chances that someone else has already done it or someone may do it before you start. Someone may have already started doing it or has already planned to do it. It doesn't really matter, as what is more important is how you culminate it. But then, what matters the most is - did you make someone happy; did you learn something from it; did someone learn from it; did it make any difference in someone's life. No matter what, if the answer to any of these questions is YES, it has not gone wasted. In the words of Richard Bach, "Don't turn away from possible futures before you are certain you don't have anything to learn from them."*

*With this perspective of life, I feel nostalgic and ecstatic at the same time, providing you the Silver Jubilee Edition of our school magazine, which is a sincere introspection of what we lost and what we gained in the 25 years of our journey, making our quest for excellence more noble and glorious. I am sure each and every page of this silver souvenir paints you with the colours of happiness and love, team spirit and toil; and sparkles your vision with its silvery halo.*

*I find this moment very apt to express my gratitude to the members of the Editorial Team, who have worked hard tirelessly to make this magazine a scenic road to stroll.*

## ‘निझर’ - एक शाम नीरज जी के नाम

श्री गोपालदास नीरज जी हिन्दी साहित्यकार, शिक्षक, फिल्मों के महान गीतकार एवं कवि सम्मेलनों के दिग्गज हस्ताक्षर हुआ करते थे। महान कवि श्री रामधारी सिंह दिनकर जी ने उन्हें ‘हिन्दी की वीणा’ कह सम्मानित किया था। नीरज जी का मंच पर विशिष्ट काव्य-पाठ श्रोताओं को मंत्रमुग्ध कर देता था। भारत सरकार द्वारा ‘पद्मश्री’ एवं ‘पद्मभूषण’ से अलंकृत श्री गोपालदास नीरज काव्य जगत के शिखर-पुरुष थे। दिल्ली पब्लिक स्कूल जोधपुर को ऐसे विराट व्यक्तित्व के साथ एक शाम के सान्निध्य का शुभाशीर्वाद प्राप्त हुआ।

## A Trip Down Memory Lane

We didn't realize  
we were making  
memories  
we just knew  
we were having  
fun.

"Everything in the past gradually changes, but  
it's the memories which connect us to our  
past."

... Warps and woofs  
of my velvety fabric  
Grown over the years  
brick by brick

Reminisce their precious moments,  
alumni and mentors  
Of their strivings and success,  
fame and floriture ...

Moments  
come and go,  
but memories last  
forever

### Walking Down The Memory Lane...

As I walk down the memory lane,  
faded memories in bits and pieces  
trigger both laughter & tears,  
reliving the days of fun and cheer!  
Sweet flashbacks pop up in my mind..  
of the moments I have rejoiced in life  
and the playful childhood that I have left behind...

# Salute to my ALMA MATER

*SERVICE BEFORE SELF* - this slogan of my school was deeply enrooted in me since I became its student, although it took me a while to actually realize its real meaning. After completing my Masters in Germany and while working in three different countries, still a sense of incompleteness was in the heart. Even after gaining so much knowledge, potential and abilities I was just unable to use it for my motherland and its people.

In 2019, after staying outside for 11 years, I relocated myself to Jodhpur and started my own venture 'RISING SUN ENTERPRISES' with the mission of developing the resource efficiency culture in the life of people and delivering the energy excellence in the society and planting the seed of greener and cleaner future for everyone.

Yes, I feel complete again. It has only been possible because of lifelong values and fun experience I accumulated from teachers and friends in my school DPS Jodhpur.

Hello!!

Down the memory lane, when I joined DPS Jodhpur in class 5 being one of the oldest students of DPS, I had spent my 8 golden years in this school campus!! I had one of the best times of my life in this school and this place is responsible for what I am today!! I am a well practicing dentist and now I am happy to announce that my daughter is also a part of this wonderful institution and under the guidance of my mentors and respected teachers!!

Congratulations DPS for the completion of silver jubilee!!

At such a tender age, our school uniform made us look graceful, dignified and sophisticated. I feel so proud to be a part of the DPS family. My favourite memories from school remind me of all the punishments I received from my teachers since those punishments have played a vital role in shaping my life's success stories. I remember this day when my mother asked me the reason for a smile on my face and I replied to her, "Mom, I remembered few things that had happened with me long time ago when I was in school." I agree to the fact that school memories last forever. In my experience, school is one such place where children get a chance to build blissful memories.

DPS Jodhpur is a temple where I learned the best ways to live life.

Being a part of the school cricket team was the best among all, it enlightened us on how to be a part of something bigger than ourselves. To represent the school was a challenge as everyone around you carries a hope of victory, which was attained only with the help of our teachers, who always aimed and worked hard on us to make us the winners we are today.

We may be in different parts of the world today, but i can assure you whoever once became the part of this institute can never ever forget what it has taught them, or what enjoyment they have done during their journey in this school.

The teachers here became friends; the teachings became fun, the friends became brothers, the curriculum became a habit, in a nut shell i can tell you is, that being a part of this institute made my life one the best life one desires.

At the outset I would send my heartfelt wishes to DPS Jodhpur on its successful completion of the remarkable 25 years in the most noble profession, i.e., education. The institution with all its faculty has an astonishing role in shaping my life. I feel it's not only the academics alone but the ecosystem that the school provides in making one a better human being who is equipped to face all the modern-day challenges and helps one run ahead of time. Nostalgia strikes me deep as I write this message. I can say my life's best memories were created in this school and whatever I am today professionally as well as personally has its roots in the school. I owe a lot to my Alma Mater—My own DPS Jodhpur. May God bless the people behind it to continue shaping lives for years to come. Best wishes.

Hearing of DPS Jodhpur's Silver Jubilee Celebrations fills me with nostalgia. It's been 16 years since I left the school but I still have vivid memories of the time I spent there. Those 5 years were the most eventful years of my school life and helped shape me what I am today. I am thankful to the Principal B S Yadav Sir and the countless teachers who supported me and made sure that I had access to all sorts of opportunities to help me grow, from participating in Inter-School Quiz competitions, to organizing and taking part in school events, to gaining confidence and experiencing leadership as the Head Boy. I hope that DPS Jodhpur continues its streak of being committed to excellence.

Although my schooling at DPS was for 2 years (XI and XII) only, those were the two best and most important years of my educational life. DPS gave me an environment where I could dwell upon my shortcomings and then take guidance from some of the finest teachers at my disposal to overcome them and be a better individual. I also met some of my closest friends in those two years.

I wish DPS all the best for future and would always feel lucky and be proud to be a part of this great institution.

All dreams come true if you have the right launchpad. For me, it's been school. I feel privileged to have been mentored by Mr. Jairaj Rathore (World's BEST art master), Ms. Piyali Roy (The funniest, friendliest English teacher), Mr. Rajesh Mishra, Ms. Abhilasha Shaw, Ms. Shilpi Majumdar, Mr. M.K. Singh (who completely transformed the way I approached research/history), Ms. Alka Awasthi and so many others. Thank you for setting me on the path to my dreams. And if it were possible, I'd give anything to be back at DPS as your student-at the library, art lab, lush playground(having dramatic conversations with my limited friend circle). I wouldn't even mind homework! I didn't realize it then, but I might've been in my personal heaven while at DPS.

'You're making the mould of your life in your school days, integrate the best qualities of this place right now and the shape of your entire life will be taken care for.' Respected B.S. Yadav sir

I have carried these words throughout my childhood and now I am at a stage where I can verify that so many of my decisions are due to the values and habits that I have learned during my time at DPS. My qualifications post school and my career achievements can all be traced back to what

I observed and experienced at school. Heartfelt Congratulations to the school and highest gratitude to Principal Sir and Sangeeta Ma'am for all their wisdom and teachings.

Though I had only two years spent at DPS Jodhpur, I feel I lived my entire school there. All the teachers, my classmates, my seniors, my juniors were the best companions in making the best memoirs for life. The confidence, the sense of belongingness, the encouragement, the happiness, the contentment and development of my entire behaviour is because of my school. Here, I felt it's my comfort zone where I can be myself and learn the best of everything. Such bonds which live in our sentiments were made here ... the best school life we had. I relive it by dictating it to my kids and my close ones. My mother always give credit to my personality which is welcoming and confident to my Alma-mater.

It is a matter of pride to pen down the message for the Silver Jubilee school magazine. DPS Jodhpur is known for its holistic and dynamic education system and I have personally seen the school grow from seed to a lush green tree benefitting everyone around and becoming one of the premiere schools of the country. Since the year 2000, the school and I have had a symbiotic relationship where I have seen myself grow exponentially, simultaneously contributing and doing my part to nurture the institution. It's been a long, fruitful and rewarding journey of over 23 years which has provided me the platform to grow and achieve significant milestones in my professional graph along with providing support in my personal sphere. The parallel yet reciprocal nature of this association has ensured independence and self-awareness, and also constant guidance and encouragement. The school is truly an integral part of my life, it has shaped me from raw to refined, experienced and to be bigger and better in myriad ways, and will continue to add immense positive values at every step of my journey. Much has been done in the last two and a half decades and still more needs to be done in the years to come. As we celebrate our Silver Jubilee, may the Almighty God be the source of inspiration to serve this noble profession and may the school continue to grow in all dimensions in the years to come.

The Silver Jubilee school magazine is a milestone that marks our growth and gives life to our thoughts and aspirations. I congratulate the entire editorial team for the publication of this magazine.

दिल्ली पालिक स्कूल को स्थापित हुए 25 वर्ष पूर्ण हो रहे हैं..साथ ही साथ इस स्कूल में संगीत शिक्षक के रूप में कार्य करते हुए मेरे अनुभव को भी अपने 25 वर्ष पूर्ण हो रहे हैं | सबकुछ एक सुखद स्वप्न सा लगता है | अप्रैल का महीना सन् 1998 में यह स्कूल रातानाड़ा अजीत कॉलोनी के पास एक किराए के स्कूल भवन में करीब 265 बच्चों की संख्या और 18-20 शिक्षकों की टीम और प्रोवार्डेस चेयरमैन श्री दिनेश जी कोठारी के खूबसूरत सपने के साथ शुरू हुआ | उद्घाटन समारोह में दी गई विद्यार्थियों की रुतियों ने ही जता दिया कि यहाँ के बच्चे और शिक्षक इस विद्यालय को कितना आगे ले जाने की शक्ति और प्रतिभा रखते हैं | विद्यालय के एकदम प्रारम्भ में हेडमिस्ट्रेस श्रीमती कैलाश थी और कुछ महीनों के अंतराल के पश्चात् श्रीमती नीना त्यागी ने यह पोस्ट संभाली और स्कूल के क्रम को आगे बढ़ाया फिर एक वर्ष पश्चात प्रिंसीपल श्री बिक्रम सिंह यादव ने इस स्कूल का कार्यभार अपने हाथ में लिया और अपने उत्साह, ऊर्जा और संकल्पों से एक नई गति और दिशा इस स्कूल को प्रदान की ।

स्कूल एक किराए के भवन में चल रहा था जहां सुबह डीपीएस जोधपुर चल रहा होता तो 12:30 बजे के बाद से बादल चंद सुगन कंवर चोरड़िया स्कूल चलता था ।

सन् 2001 में यह स्कूल अपने खुद के भवन में पाल रोड पर स्थानांतरित हुआ एक खूबसूरत और विशाल परिसर में निजता और अपार संभावनाओं की अनुभूति के साथ ।

'धीरे-धीरे और समय के साथ' जैसी साधारण पंक्ति का उपयोग मैं नहीं करूंगा क्योंकि बहुत जल्दी ही स्कूल के विद्यार्थियों और शिक्षकों की सम्मिलित ऊर्जा ने अपनी सफलता के झंडे गाड़ने शुरू कर दिए ।

इस नव परिसर में सबसे पहले एक ही बिल्डिंग थी इसी में यह विद्यालय कक्षा नर्सरी से लेकर दसवीं तक दक्षता से संचालित होता था फिर समय के साथ विद्यार्थियों की संख्या बढ़ती गई और सफलता के नए-नए आयाम स्थापित होते रहे और परिसर में क्रमशः प्राइमरी स्कूल का पूरा भवन लैब एवं लाइब्रेरी, सीनियर स्कूल भवन, होस्टल एवं स्टाफ क्वार्टर्स और विभिन्न तरह के खेलकूद के लिए खेल के मैदान और अन्य सुविधाएं अपना आकार लेती गई ।

पीछे मुड़कर देखता हूँ तो यह बहुत सहज और साधारण रूप से प्रतीत होती है लेकिन उस कालखंड में गहराई से उत्तरकर याद करते हैं तो महसूस होता है कि यह इतना आसान नहीं था..एक-एक वर्ष, एक-एक महीना, एक-एक दिन और घंटों की मेहनत और पल-पल की ऊर्जा, नए-नए व्यवस्थित प्रयोग और नई नई चुनौतियों को खुद की तरफ से तय करना और उनको पार करना तब जा कर डीपीएस जोधपुर का परचम अपनी शान, स्वाभिमान और आत्मसम्मान के साथ लहरा रहा है ।

HOD Physical Education

I remember the day when I joined the institution on 12th of April 1999 as a Sports Teacher.

I have seen this esteemed institution grow from a small plant into a big tree, spreading its branches in all directions. 'Rome was not built in a day' proves true to the saga of DPS Jodhpur – In these 25 years, with continuous efforts of all the stakeholders, DPSJ has made a landmark in the field of quality education.

Initially the school was started in a rented building in Ajit colony in 1998 and then it was shifted to its own building at Pal in 2001. Shifting of our school from the rented building to our own building was a big breakthrough in my career as a Sports Teacher, since the spacious lush green grounds in this building gave plethora of opportunities to me and my sports department to nurture our budding sportspersons. The vast cricket, volley ball and football grounds, basketball and tennis courts and numerous indoor games that our students are taught here have become an inseparable part of my life.

Today, as HOD Physical Education, reminiscing my journey with DPSJ, all I can say is that with this school, I have also grown day by day, year by year. Going down the memory lane, many inerasable incidents associated with this institution flash in my mind, making me nostalgic. Our first feat - Lifting the winning trophy of Shri Ummed Singh Inter School District Cricket Tournament on 17 January 2004 is still deeply etched in my mind. Since then, victory seemed to have become our habit - DPS Jodhpur winning the highest medal tally in PIE Olympics for three consecutive years, winning the Inter-DPS Basketball Championship for many years, being the CBSE Interschool Chess Tournament National Level champions are some of the unforgettable moments of my life at DPS.

I pray to the Almighty that our students keep shining in future also in the same manner.

I extend my sincere thanks to the Director & Principal Mr B S Yadav and entire management of DPS Jodhpur for showing confidence in me and giving me the opportunity to serve here.

#### TEACHING KIDS TO COUNT IS FINE, BUT TEACHING THEM WHAT COUNTS IS BEST.

I joined this esteemed school in April 2000 as Mathematics teacher. My professional life in this school is surely a learning experience. The confidence and motivation it has given me, I couldn't get anywhere else. Most importantly, this is the place where I recognised my uniqueness and individuality. My life in this school is no less than a treasure for me which gives me invaluable joy of life.

I have worked here in various capacities – as the Supervisor of classes VII and VIII, HOD Mathematics, Sutlej House Incharge and continue to be the Examination Incharge to date. All these responsibilities have taught me new experiences of life and shaped my personality bit by bit.

Of course not to forget the school trips with students and teachers which were great fun; exploring new destinations was an enriching experience.

I convey my sincere gratitude to the Director & Principal Mr B S Yadav who has always been a source of support and motivation to me in my career in this school.

I wish DPS Jodhpur celebrates many more jubilees, spreading its shine forever in all directions.

Delhi Public School Jodhpur is born out of the dream of most respectable Shri D C Kothari. It has been a pleasurable journey for me, teaching the students at DPS Jodhpur, the torch bearers of tomorrow. The students of this school have always excelled in all walks of life. The motto of our school is 'Service Before Self', which this institution truly lives up to. The students are imparted not only good education here, but they also learn discipline and communication skills which equips them to face challenges in their lives. The alumni of this school are placed on good positions and are serving the society.

All this is possible because of the dedicated management committee which is supportive in every step to teachers and students. The striking features about the management committee that deserves a special mention is its generosity, co-operation and efficacy. It is immensely important to acknowledge the genuine contribution of vibrant management, teachers, students and parents in the noble endeavor.

I joined this prestigious institution in July 2000 as a Computer Science faculty. From having just one computer lab with 10-12 computers and two teachers in the beginning, the school has grown immensely and today boasts four computer labs with more than 100 computers and seven faculty members and IT Coordinators managing the school website. With this exponential growth of the school, I can say that I have also grown by leaps and bounds in the 23 years of my service at DPS Jodhpur.

Also as a Tour Coordinator, I got the privilege to organise numerous domestic as well as international trips with our students and teachers, memories of which will remain with me forever.

I am humbled and honoured to serve as a teacher at Delhi Public School Jodhpur. It is with great excitement and dedication that I embark on this journey with all my students and my colleagues. Our school is not just a place of learning; it's a haven where dreams take root and flourish.

As a teacher, I am committed to fostering an environment where curiosity thrives, creativity blossoms, and knowledge becomes a lifelong companion, for which, I always put in efforts to build a community that values inclusivity, respect, and a thirst for knowledge.

My aspiration is to empower each student to discover their unique potential and cultivate the skills needed to make a positive impact on the world. With the support of all the stakeholders of the school – students & their parents, my colleagues and the school management committee, we always work towards creating an institution that not only imparts education but also nurtures character, empathy, and resilience.

Let's embark on this incredible journey together, where every day is an opportunity to learn, grow, and inspire. Here's to a future filled with limitless possibilities!

As we celebrate the Silver Jubilee of our beloved institution, I am filled with immense pride and gratitude. It seems like just yesterday that I embarked on this remarkable journey. Since 2001 when I joined the school as a Computer Science teacher, my journey here has been a remarkable odyssey of personal and professional growth. All these years, my prime goal has been to keep my commitment to my teaching profession (which is my passion also) unwavering.

I've had the honour of teaching, guiding, and nurturing generations of students, each leaving an indelible mark in my heart. The joy of witnessing students' growth, the satisfaction of imparting knowledge, and the lasting impact in their lives make it rewarding. Over the years, I've had the privilege of witnessing countless students walk through our doors, each with their unique dreams and aspirations. It has been an incredible journey watching our students transform into responsible citizens, compassionate individuals, and confident leaders.

A teacher is a continuous learner too. In this teaching-learning process, I've evolved from a humble beginning to an educator who embraces innovation, inspires students, and continually seeks to enhance the teaching skills. This journey has been a transformative voyage of diligence and dedication.

One of the greatest privileges that I consider I have had being a teacher is staying young and energetic forever which is only due to having a positive connect with my students. With them, I always feel I am reliving my childhood days, spreading my wings with each of my students progressing.

I've seen our school grow not only in size or strength, but also in reputation, becoming a place known for its values, excellence, and commitment to holistic education, justifying its motto - Service before self.

As we complete this Silver Jubilee milestone, I am filled with both adoration for my institution and aspirations for the future. This significant journey of DPS Jodhpur has been a testament to the power of education, the resilience of a community, and the fulfilment of a dream.

Let's continue to nurture the minds and hearts of the generations to come, carrying forward the legacy of excellence and compassion that defines our institution.

Any educational institution's success is based on the impression it makes on young minds. One such organisation that has flourished over the past 25 years since its founding is Delhi Public School Jodhpur. From the past 25 years, this school has been continuously delivering excellence, the proof of which are the young minds who are currently soaring newer heights all over the world, leaving their mark all around.

Under the dynamic leadership of Mr B S Yadav, Director & Principal DPS Jodhpur, the school has undergone a massive expansion, metamorphosing from a sapling into a giant tree, solidifying its roots as one of the best schools in Jodhpur.

I joined the institution in the year 2001 and worked for four years in the capacity of PA to Principal, which gave me ample opportunities to learn from a great leader like Mr B S Yadav. Then since 2005 to date, I have been working as a Librarian and have been fortunate to see a one-room library in the school growing to a fully fledged two-floor spacious library in the Senior Block, and one in Primary and Middle Blocks each.

We now have a huge collection of variety of books all genres, magazine, periodicals and journals. Thousands of varieties of books on all topics, reference books and career counselling books for every individual in the school are now available. While keeping these books in the shelves I often peep into their content that has enhanced my knowledge a lot and developed in me a great love for books. I feel satisfied and proud as a Librarian of this great institution and I love being in my second home.
